Access to Information Act

Canada Foundation for Innovation
Annual report to Parliament

April 1, 2022 – March 31, 2023

Introduction

The purpose of the Access to Information Act (ATIA) is to extend the present laws of Canada to provide a right of access to information in records under the control of a government institution. This is in accordance with the principles that government information should be available to the public, that necessary exceptions to the right of access should be limited and specific, and that decisions on the disclosure of government information should be reviewed independently of government. The Canada Foundation for Innovation's (CFI) annual reports are prepared and tabled in Parliament in accordance with section 94 of the ATIA.

Created by the Government of Canada in 1997, the CFI strives to build our nation's capacity to undertake world-class research and technology development to benefit Canadians. Thanks to CFI investment in state-of-the-art facilities and equipment, universities, colleges, research hospitals and non-profit research institutions are attracting and retaining the world's top talent, training the next generation of researchers, supporting private-sector innovation and creating high-quality jobs that strengthen Canada's position in today's knowledge economy.

The infrastructure funded by the CFI includes the state-of-the-art equipment, laboratories, databases and buildings necessary to conduct research. This infrastructure fosters collaboration among the academic, private, public and non-profit sectors on a wide range of research projects and across many disciplines. Although the CFI is not alone in supporting innovation in Canada, it is the country's leading funding organization dedicated exclusively to supporting advanced research infrastructure.

2022–23 activity

The CFI became subject to the ATIA in 2007. Nevertheless, from the CFI's inception in 1997, it has followed the spirit of the ATIA with respect to requests for information. Thus the principles of openness, transparency and public accountability, which are central to the ATIA, are deeply embedded within the culture at the CFI.

During the last year, the CFI did not receive any formal requests for information under the ATIA. The CFI received four ATIA consultations from other federal institutions during the last year.

There were no active requests or consultations at the end of fiscal 2022–23.

Access to Information and Privacy (ATIP) office and reporting structure

The CFI's Vice-President of Finance and Corporate Services has overall delegated responsibility for the administration of the ATIA laws within the organization. Day-to-day activities and operations related to the ATIA are coordinated by the Director of Corporate Services who reports directly to this Vice-President. The Director is assisted by the Manager of Administration. Effectively, these CFI officials collaborate part-time to manage a small ATIP office with the following role and mandate:

- Responding to formal ATIA requests and consultations;
- Promoting awareness of ATIA within the CFI through timely communications, training sessions, new staff orientation sessions, regular staff meeting updates and individual consultations;
- Ensuring compliance with ATIA by developing and implementing effective policies and guidelines;

- Developing expertise through formal training opportunities, attending ATIP community events and conferences and establishing network contacts;
- Representing the CFI on all official ATIA business including liaising with the Information Commissioner and the Treasury Board Secretariat; and,
- Completing annual reports to Parliament, annual statistics and updates to Info Source publications.

During the reporting period, there were no service agreements under section 96 of the Access to Information Act to which the CFI was party.

Delegation orders

The President and CEO of the CFI has delegated certain ATIA responsibilities to the aforementioned ATIP officials. The specific level of authority delegated to each official is presented in the table found in Annex A.

Statistical report and interpretation

The CFI did not receive any formal requests under the ATIA in 2022–23. The CFI has received a total of 36 requests since becoming subject to the ATIA in 2007 as summarized in Table 1.

Table 1 **Summary of ATIP requests received by period**

2007 – 2010	2011 – 2015	2016 – 2020	2021	2022	Total	Avg./year
14	11	10	1	0	36	2.25

Table 1 indicates that we should expect on average between two and three ATIA requests per year. The number of requests we have received per year ranges between a low of zero in years 2014, 2017, 2020 and 2022, and a high of six in 2018. Our analysis indicates that ATIA requests are likely submitted independently of CFI business activity since there does not appear to be a direct correlation between the number of requests received in a given year and the CFI competition cycle. This analysis is further supported by the fact that of the 36 requests that have been submitted to date, there are no requests specific to a particular award decision or the evaluation process involved. This is likely attributable in some measure to CFI's proactive approach to disclosure. Since its inception, it has been the CFI's practice to informally provide applicants with full and timely feedback instead of waiting for formal requests for information. The CFI always communicates our competition results publicly and all funding decisions and written expert reports are released to the institutions within a few days of a Board decision.

The CFI is pleased to provide comments on our statistical report for 2022–23, which can be found in Annex B of this report. During the last year, the CFI did not receive any formal requests for information under the ATIA. The CFI received one informal request and four ATIA consultations from other federal institutions during the last year. The informal request was 71 pages and was processed in less than 15 days. The four federal government consultations were each entirely disclosed and processed in less than 15 days. A total of 18 pages were processed for the four consultations.

Total costs associated with all aspects of administering the ATIA for the reporting period are estimated at \$6,463. There were three CFI employees dedicated part-time to ATIA activities during 2022–23.

COVID-19 related measures had no impact on the CFI's ability to fulfill its Access to Information Act responsibilities.

Education and training activities

The CFI provides an overview of ATIP principles to all new CFI employees as part of our orientation documentation. During the last year, the CFI did not organize any corporate-wide ATIP training sessions since most staff had participated in one or more training sessions from previous years. ATIP staff are always available to all CFI employees for consultation and assistance. Our business units indicated that they feel adequately informed and supported for ATIP activities at this time. As part of our ongoing training, the ATIP office personnel participates in ATIP community meetings.

Access to Information policies

The CFI did not introduce any significant new access to information policies, guidelines or procedures during this reporting period. However, we regularly review and update our existing webpages regarding access to information statements and privacy which are available to the general public. The CFI proactively discloses travel and hospitality expenses and our Access to Information Annual Report on the Open Government Registry. These proactive publications can be found at <https://open.canada.ca/en/proactive-disclosure>. The CFI is registered with the ATIP Online Request Service (AORS) portal and we can receive Access to Information requests online through this service.

Complaints and investigations

There were no complaints made to the Information Commissioner about the CFI during this reporting period. There were no active complaints at the end of fiscal 2022–23.

Access to Information requests processing time monitoring

The Director of Corporate Services tracks and records the time required to process each ATIA request as well as the elapsed time to complete the request. This is done individually for each request and timely status updates are reported to the Vice-President of Finance and Corporate Services as the requests are being processed. Similarly, whenever an extension is required to complete a request, the Vice-President is informed. Updates are presented at each Board meeting on the ATIA requests completed since the last meeting, as well as the date of completion. The Director of Corporate Services compiles all the processing times for individual ATIA requests and reviews this annually with the Vice-President of Finance and Corporate Services before completing the annual statistical report (see Annex B).
